

## Welcome to Wodonga Cemetery

Wodonga Cemetery is one of the oldest cemeteries in the region with recorded burials dating back to the 1860's. The cemetery continues to service the burial needs of Wodonga and surrounds to this day.

## Planning Ahead

Many families choose to benefit by planning ahead and securing positions at today's prices in a not-for-profit community cemetery. This gives them peace of mind knowing that requests will be honoured and family members will be saved from making difficult decisions at an emotional time.

## Burial and Memorialisation Options

Wodonga Cemetery offers a quality range of attractive burial options for your loved one including Lawn Burials, Ash Gardens and Monumental Sites. Burial sites are available in full headstone/monument only sections dedicated to a number of religious denominations. In the general lawn section cast bronze plaques are affixed to exposed concrete desks. Both headstone/monument and lawn burial sites can be used for the placement of ashes.

Wodonga Cemetery provides plaques but does not arrange headstones. Please contact our office for a list of stonemasons who are authorised to carry out these works in the Wodonga Cemetery.

For more information on burial options, memorialisation of loved ones, or reserving a plot, please contact the cemetery office during business hours 10am to 3pm Monday to Friday on 0437 823 682 or by email to [info@wodongacemetery.com.au](mailto:info@wodongacemetery.com.au) to arrange for a suitable time for you to visit us and discuss your needs.

The Wodonga Cemetery is managed by the **Wodonga Cemetery Trust** which is made up of a small group of volunteers from the local community.

The Cemetery and Trust is self funded and relies on the income it receives from the services provided which include burials, ashes interments and provisions of placement of memorial plaques

These funds are re-invested directly back into the operation and maintenance of the cemetery with a portion of the funds invested to ensure that the cemetery is maintained for many years to come.
